## Gen-Eye POD

Always easy on your back *and* your budget, General's versatile **Gen-Eye POD®** and **Mini-POD®** pipe inspection cameras now feature Wi-Fi inside. Wi-Fi lets you use your own tablet or smartphone to record the inspection and send it to your customers on the spot or back at the shop.

The lightweight, compact Gen-Eye POD combines camera, reel and monitor in an all-in-one package. You get a large 7" LCD color monitor in a padded case mounted on a flexible gooseneck that swivels to give you the best viewing angle, wherever you're working.

The Reel Cover protects work sites from dripping push-rods. The heavy-duty, 600 denier poly canvas cover fits snugly around the full size reel. Securely affixed with Velcro tabs – and easily removed to hose off push-rod between jobs.

There's lots more, like an LED Dimmer Control, both AC and DC power cords, 2" and 3" Trap Skids, and a 512 Hz transmitter. A video out connection lets you record on an external device.
