Gen-Eye X-POD

The new Gen-Eye X-POD Plus® sewer camera system now includes the Gen-Pack™ battery adapter, Wi-Fi transmitter, and an on-screen distance counter as standard equipment to boost productivity and profitability!

Depending on battery type and settings, the built-in Gen-Pack battery adapter lets you operate the camera system for up to 12 hours in remote locations with limited access to power. Fuse-protected to safeguard your equipment investment, the Gen-Pack battery adapter is also available separately. Compatible with Milwaukee M18 battery or equivalent. Battery and charger are not included.

X-POD Plus makes recording and sharing inspections easier. You can record videos and photos on a flash drive using the USB port or send the recording to your customers via your smartphone or tablet with the built-in Wi-Fi transmitter.

The on-screen distance counter shows how far the camera has traveled down a line – in feet or meters. And for optimum accuracy, settings can be adjusted for full-size or mini-reel configurations.

The lightweight, popular X-POD systems combine camera, reel, and monitor into one compact package. A durable docking arm supports the Command Module – and permits height and angle adjustments for optimal viewing.

BUY NOW

GEN-EYE X-POD PLUS PACKAGES

Item #	Catalog #	Description	Weight
183000	SL-GXP-E	Includes GXP-500 Command Module, Gen-Pack Battery Adapter, Wi-Fi Transmitter, SL-GL-200 Reel with Self-Leveling Color Camera, Reel Cover, 2", 3" & 6" Trap Skids. (Battery and Charger not included)	76 lbs
